EDUCATION

- KJ College of Engineering and Management Research** 2024
B.E. (Computer Engineering) CGPA: 7.19
- Bharati Vidyapeeths Jawaharlal Nehru Institute of Technology** 2021
Diploma (Computer Technology) Percentage: 89.03
- H.H.C.P. High School, Laxmi Road** 2018
Maharashtra State Board of Secondary Education (SSC) Percentage: 58.40

INTERNSHIP

- Let'sGrowMore Community (Web Developer)** March-2023 to April-2023
Task 1: To-Do List, Task 2: Student Enrollment Form, Task 3: Calculator Pune

PROJECTS

- Airline Reservation System** 2024
Flight Ticket Booking
 - Developed a comprehensive airline reservation system allowing users to book and cancel flights, while enabling admins to manage flights and view booking history. Utilized HTML, CSS, Bootstrap for the frontend, and JSP, Servlet, MySQL for the backend to create a robust and user-friendly application.
- EV Battery Parameters Monitoring and Display on Android Device** 2024
Battery Management System for Electric Vehicles
 - Developed a Battery Management System (BMS) using an Arduino Uno, integrating sensors for current, voltage, and temperature. Real-time battery data is transmitted to Android devices via a GSM module, with an Android application displaying the data for monitoring purposes.
- Color detection model using opencv in python** 2022
Color Detection System
 - Created a color detection system using Python and OpenCV, enabling users to click on any color and retrieve its name along with the RGB value.

TECHNICAL SKILLS AND INTERESTS

Languages: English, Hindi, Marathi

Developer Tools: Full Stack Web Developer Technologies like: HTML, CSS, Bootstrap, JavaScript, jQuery, ReactJS, Java, MySql, Adv.Java, Spring, SpringBoot, Hibernate.

Soft Skills: Quick Learner, Positive Attitude

CERTIFICATES / EXTRA CURRICULAR ACTIVITIES

- Java Full Stack Development** | Envision Computer Training Institute Pvt. Ltd. 2024
- NCETES-JCON 2024** | Conference Certificate on BMS for EV using IoT 2024
- Let'sGrowMore** | Virtual Internship in Web Development 2023
- Introduction to IoT** | Skillup by Simplilearn 2022
- Web Development for beginners** | LearnCode.academy 2020
